**Price: \$296.00**

## Modular Series Communication Systems Build your own unit Starting at \$89.00

Available for all Radios

## Hands Free Solution for Dispatchers:

**Phone to mobile communication or for dispatch on two way radio only.**

Planet Headset Dispatcher system (The Conductor) allows the operator to control both telephone and radio traffic through a single headset. A foot-switch can be used for a hands-free operation.

## Powerful Benefits:

- Simultaneous receive from both radio and phone into headset at different audio levels.
- Hands free operation with foot-switch.
- Optional hand held PTT.
- Caller light is a visual cue to show whether dispatcher is speaking to phone or radio.
- Works with all Plantronics H series headsets.
- Convenient placement on desk or easily mounted under desk with included brackets.
- Each package includes the Mounting bracket, radio cable, telephone cable, hand grip or foot-switch.
- Prices range from \$624 to \$859.

**Plantronics Headsets are also available**
